STOP STOP The Traffic Squad Says:

The continued practice of many Washington motorists to use the muffler cut-out on their machines has been the cause of numerous complaints of late. This also applies to operators of motor cycles, who take great delight in making unnecessary noises, especially at nighttime. This practice should be abated.

Section 6-"That every motor vehicle of whatso-ever kind operated in the District of Columbia shall be provided with a muffler to be so complete in con-struction as to prevent any unnecessary, intense or promotor vehicle or the machinery in connection therewith, and said muffler shall not be cut out or put out of northeast, Overland. 41700—Frank McCarthy, 810 9th street northeast, Ford. 41701—C. & P. T. Co., 722 12th street operation in any park or public grounds, nor in any built-up section of the District of Columbia, nor where horses are present, nor for the purpose of warning others of the approach of the motor vehicle."

A Stunning Four Passenger Roadster

Roadsters are in great demand.

People have found them mighty practical and usable.

They are light, easy to handle, get in and out quickly and are a real pleasure

So we designed a special one.

It is a perfect beauty.

Seats four large people with ease.

Has beautiful lines and is as comfortable as a cozy corner.

Mounted on the famous Eight cylinder Cole chassis this roadster is fast be-

coming the most popular four passenger job in America.

This model has original body lines, which distinguishes it from the every-day run of roadsters.

Also it has the world renowned powerful eight cylinder Cole motor-America's foremost power plant.

Everything of the finest-motor; body; finish and equipment.

Yet very reasonably priced.

Walker, 2509 Clifson avenue northwest, Winton. 41595—B. L. Dailey, 727 13th street The Standard of Value and Quality WE have never attempted to build racing cars. We have always contended that one mile a minute is more speed than any man can use with safety on the open road. So that is the maximum pace we guarantee to our owners. Nevertheless, Paige has been the winner in many races. In the Phoenix-Los Angeles race, for instance, it was a Paige that flashed across the line first. It had traveled 706 miles across the desert beating a field of twenty cars—most of them acknowledged "racers" driven by American speed kings. The Paige won that gruelling contest—not because it was the fastest car—but because it was the most reliable car. It went through without a single stop—without so much as opening the hood during the entire 706 miles. That is why it won. That is why Paige cars will always win if the race is only long enough and rough enough to be a real test of endurance. That, also, is one excellent reason why your next car should be a New Series Fairfield "Six-46." PAIGE-DETROIT MOTOR CAR CO., DETROIT, MICH. THE SELBY CO. 1805 14th St. N.W. Phone North 3749
